Increase in Fresh Air Fund  
for Women and Children.

A Railway Unable to Contribute, But  
Its Officials Giving Material  
Encouragement.

Gen. George H. Harries, of the Washington Railway and Electric Company is evincing great interest in the movement looking to the establishment of a fund to provide street car outings for those women and children of the city's population who would be otherwise deprived of a ride into the country on the hot nights that are likely to prevail during the next few months.

### Helping the Movement Along.

General Harries stated yesterday that he regretted that his road was not now in a condition to permit of their contributing to the fund, but stated that many of the officers of the road would deem it a personal privilege to lend material encouragement to the movement. The street car fund is continuing to grow and the gentlemen of the thought that it will have passed the \$200 mark. Up to noon today when the banks closed it had reached \$198, with several of the committee still to hear from.

## SOLDIER'S FUNERAL AT HOLY TRINITY CHURCH

Services Over Remains of Late Nicholas  
Crowley Held Yesterday.

The funeral over the remains of Nicholas Crowley took place yesterday from Holy Trinity Church, Georgetown. Services were conducted by Rev. Father F. X. Mulvaney, rector of the church.

The edifice was crowded with relatives and friends of the deceased.

Mr. Crowley was a veteran of the Spanish war, and served in Company L, First District of Columbia Volunteers.

Father Mulvaney, in his remarks, paid tribute to the character and Christian principles of the deceased. He also alluded to his happy death, and urged those present to be ready to meet their God, as the deceased had been.

The floral tributes were numerous, one of which was in the shape of an American flag tied with red, white, and blue silk ribbon, on which was the name of the deceased, his company, and regiment. This was made of the choicest cut flowers, and stood at the head of the coffin, before the altar.

A choir rendered beautiful musical selections, and the hymn, "Lead, Kindly Light," was rendered as the remains were borne from the church.

The pallbearers were selected from comrades and comrades of the deceased. The interment was at Holy Rood Cemetery. Many of the dead soldier's comrades were in attendance at the service, and accompanied the remains to their last resting place.

A committee of the class of '78, of the High School, through its chairman, William J. Palmer, has requested the Commissioners that some school building in the District be named the "Edward A. Paul School."

The Electrical Engineer has recommended that he be authorized to continue the renting of store room in the rear of premises 458 Louisiana Avenue, and also store room in the rear of 521 E Street, for the purposes of his department.

The Commissioners have referred to the City Solicitor for his consideration and report the request of Mr. Frank Faust, that the subdivision of his property known as lot 23, Lanier Heights, be approved. With the request Mr. Faust sent a copy of the agreement for the protection of the District in the matter of the assessment against said lot in connection with the widening of Columbia Road.

The Superintendent of Police has forwarded to the Commissioners a report upon the matter of licensing a summer garden and dancing resort at the corner of Twenty-sixth and P Streets northwest. He reports that he does not deem it advisable to grant the license in antagonism to the wishes of a great portion of the residents immediately concerned.

The Collector of Taxes has recommended the refunding of a duplicate payment of water rent on the part of the F. H. Smith Company for premises 229 to 233 F Street southwest, 1218 Twelfth Street northwest, and 1226 Twelfth Street northwest.

The Sealer of Weights and Measures has reported to the Commissioners that he has requested estimates for the raising of the bay scale at the corner of Virginia Avenue and Eleventh Street, to the bay scale on the territory, for those who have occasion to use the scale. The Sealer states that as soon as the estimates are received steps will be taken to remedy the existing conditions.

The Inspector of Electric Lighting, in a report upon an application from Mr. Robert E. White for the erection of street lamps on Genesee Street, between Brightwood and Colorado Avenues, has recommended that five gas lamps be placed in the territory as soon as the Washington Gaslight Company has completed its mains in Genesee Street.

On the recommendation of the Inspector of Plumbing, the Commissioners have voted to refund the fee paid by Mr. E. T. Kaufman for a permit to do certain plumbing work in premises 614 R Street northwest. It appears that after the permit was obtained the owner of the premises would not allow the plumber to perform the work.

## SMOKE LAW DEFIED BY THE POSTOFFICE

Heavy Clouds of Black Issuing From  
Chimney Cause Alarm of Fire to  
Be Sent In.

Considerable excitement was caused in the vicinity of the Postoffice building about 7 o'clock last evening by a huge mass of smoke which issued in thick clouds from the chimney. The report quickly spread that the building was on fire.

Some one sent in a local alarm which called out chemical engine No. 1 and it was stationed on Twelfth Street near the building. Crowds gathered on Pennsylvania Avenue in front of the building and messages were sent officials of the department stating that a fire had broken out.

An investigation was made which disclosed the fact that the smoke was caused by the burning of rubbish under the boilers.

It is usual to destroy all waste at stated periods, and heretofore there has been no trouble over the matter. The heavy atmosphere which prevailed last evening beat down the smoke until the huge white structure seemed adrift.

The anti-smoke law which is in force in the District is intended to prevent just such occurrences. While some one in authority at the building might be held responsible, a test case against the Public Printer which will decide the status of Government officials is still pending before the court.

## PLANS TO UNVEIL ORDWAY MONUMENT

Simple and Appropriate Exercises to  
Be Held at Arlington, Thursday,  
June 26.

Invitations have been issued for the ceremonies incident to the unveiling of the monument to the memory of Gen. Albert Ordway, at Arlington, June 26. It was intended by the commanding general of the District of Columbia National Guard to order the brigade out for the ceremonies, but in view of the near approach of the annual camp it was learned that enough men could not leave their work at this time to make anything like a respectable showing, so the idea was abandoned. It is probable that it was decided to send invitations to the officers of the Guard and to those who had subscribed to the fund for erecting the monument.

As yet no program for the exercises has been arranged. It is probable that those invited will assemble at the monument at Arlington next Thursday afternoon. One of the chaplains of the Brigade will conduct religious exercises. General Harries will make a few appropriate remarks and the veil will be released, the idea being to make the ceremonies as simple as possible.
